Civil Docket For Case# 2:18-cv-01362

★ September 5, 2018 Pod A-4 / Cell-15  
Between 9:00 AM & 11:00 AM

I was in my cell I got into trouble with officers. They took all my Personal things I had documents for lawsuit, the Application Fee Documents. I asked to keep them. They said no, we are not letting you file nothing! And threw my documents away. And threatened me & said to keep my mouth shut.

August 26, 2018 & August 27

They let inmates in & gave me a killing decrease. Several times helping them. Now They have told all the inmates & Personable that I had a ~~killing~~ killing decrease, which I don't →

Oct 24, 2018 I was let out of Jail.  
 by them telling all the Inmates.  
 Now. It has spreaded word of mouth  
 in the streets. And they have  
 people still carrying out what they (C/O officers)  
 was saying about me.

That I was Trash dump & I had Hep.C  
 which ~~was~~ None of this is True.

Trying to Kill me mentally. I can prove  
 everything. No body ever said I had hep.C  
 before the altercation in Jail on  
 Aug. 26 & 27.

They said they was going to put  
 a order out on me,  
 to be perfectly clear The Rednecks & Gypsys

But the thing is of if all they  
 was helping the bloods. I have settled  
 some things my self but doesn't  
 stop Rednecks or Gypsys And I'm

not Prejudiced at all. I'm more Indians  
 than black 75% Cherokee.

But this whole thing is killing me  
 mentally in the street & work place.
